2022 / 2023 National curriculum swimming data - Year 4

The data shows the percentage of children who can swim 25 metres, perform one of the 4 strokes and perform a safe self-rescue.

This bar chart shows the percentage of children who have completed each award. The awards range from 1-6 and include: self-rescue, aquatic skills and the national curriculum standard (what is expected in the lessons).

These charts show the distance that each child can swim. The children however weren't tested on 5 or 50 metres. No distance means the children were unable to swim 10 metres.
